

## Premium Surfactants With built in Water Conditioning

Sure Up is a premium surfactant blend specifically designed for sulfonylurea and sulfonamide herbicides. Sure Up is special because it is also a water conditioner that Maximize the solubility and performance of Sulfonylurea (SU's) type herbicides.

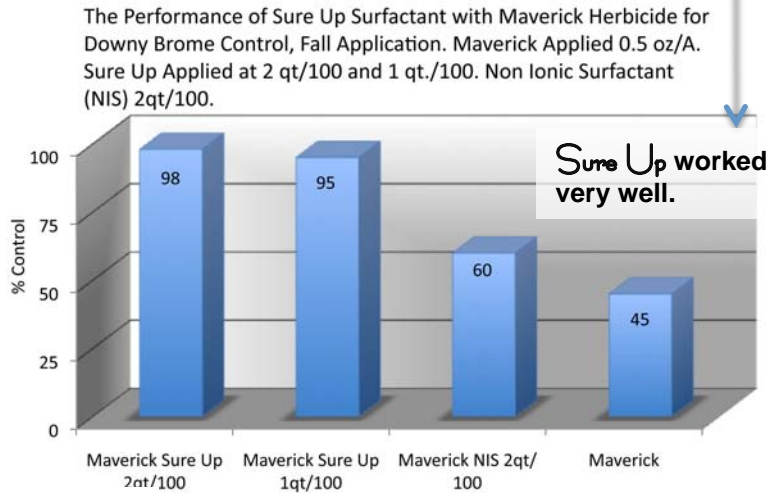

Sure Up was originally designed to improve the performance of aerial applied *Maverick* Herbicide.

This was done by:

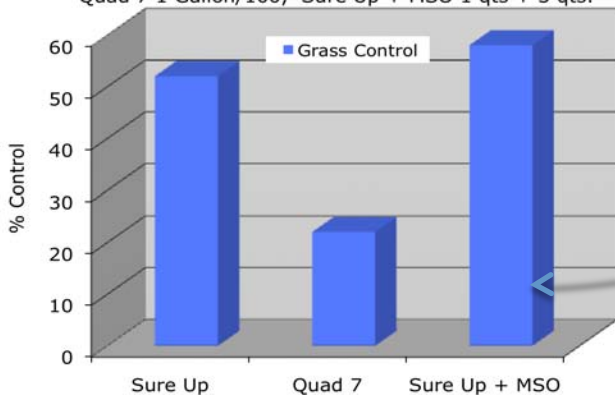

- Increased Water Solubility
- Clear Spray Solution
- Increase Sulfonylurea Uptake
- Increased performance

Sure Up Compared R-11 (NIS) Ability to put *Maverick* Herbicide into solution. Spray volume 3 gallon/Acre.

ACCENT Performance with Sure Up as Compared to Quad 7. Greenhouse Screen Colorado State University. Sure Up 2qts/100, Quad 7 1 Gallon/100, Sure Up + MSO 1 qts + 3 qts.

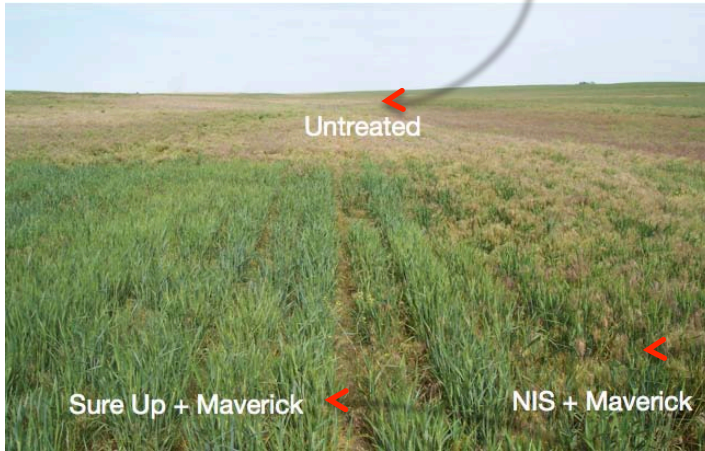

All SU herbicides have this type of physical chemical profile. Sure Up will improve the performance of all SU herbicides like *Accent*.

## Field trial

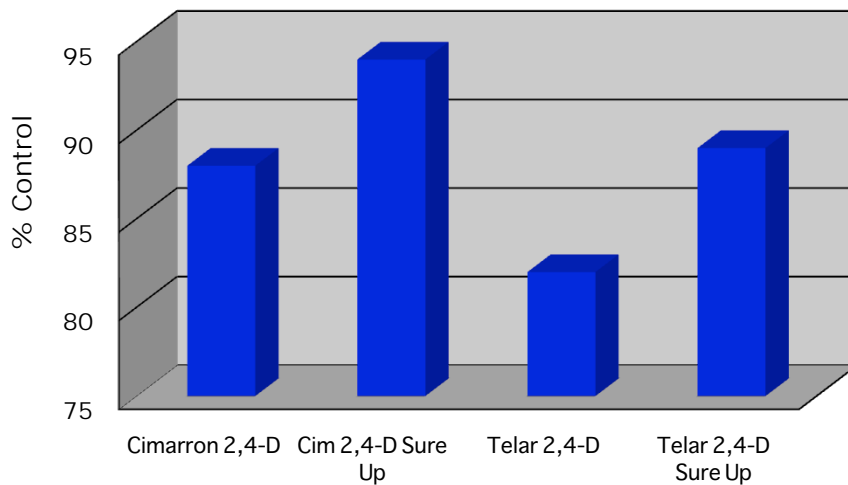

Sure Up + *Maverick*  
NIS + *Maverick*

## ALL IN ONE JUG

Premium Surfactants  
Water Conditioning  
Best way to apply SU's

Sure Up performance as compared to NIS for Dwarf Aylssum Control in Range Land. Use rate for Sure Up 0.5% v/v.
